

**MISSISSIPPI
DEPARTMENT OF CORRECTIONS**

**ANNUAL REPORT
FY2004**

Dear Fellow Mississippians:

On behalf of the Mississippi Department of Corrections (MDOC), it is my privilege and pleasure to present to you the Annual Report for Fiscal Year 2004. This report summarizes the activities and accomplishments of MDOC and reflects the adult felony population in the state through the presentation of the agency's facilities, programs and services.

Through a network of three state institutions, five private prisons, 11 county regional facilities, and 17 community work centers, the Mississippi Department of Corrections provides security, custody, control and care for 23,996 (includes ERS, ISP) inmates. An additional 21,608 felony offenders are supervised through four restitution centers and 66 probation and parole field offices statewide. The agency's 3,299 staff are dedicated professionals committed to providing the time, effort and excellence needed for effective offender management and treatment 24 hours a day, 365 days a year.

I am proud of the accomplishments successfully implemented by staff during Fiscal Year 2004. In the coming months, we look forward to building upon these achievements, working in concert with Governor Barbour, the State Legislature, other federal, state, county and local officials, and the public and private sectors to continue our efforts to provide efficient solutions for the many challenges facing corrections. As always, our priority will be to carry out our mission of providing public safety while aggressively developing cost containment measures to reduce the escalating fiscal burden on state revenues.

Sincerely,

A handwritten signature in black ink that reads "Christopher B. Epps".

Christopher B. Epps
Commissioner

Mississippi Department of Corrections

FISCAL YEAR 2004 MAJOR ACCOMPLISHMENTS

MDOC continues its efforts of streamlining day-to-day operations and aiding in Mississippi's budget crisis. On July 1, 2003 the number of filled MDOC positions was 3,626 or 88.9% of authorized positions. On June 30, 2004 the number of filled positions was 3,299 or 85.1% of authorized positions. This represents a decrease of 327 positions during FY 2004, a 9% decrease in filled positions for this period. Fiscal year reports show the annual salary cost savings for MDOC decreased by more than \$8 million, a 6.5% decrease compared to FY 2003 annual salaries.

Further FY 2004 Cost Saving Measures:

- \$374,630 in savings associated with reorganizing upper level positions;
- \$7,950,604 in savings associated with resignations and other terminations of staff;
- \$1.5 million in savings associated with correctional officer reductions due to closure of Units 10, 12, 22, and 24 at the Mississippi State Penitentiary; and
- \$12,000 in savings associated with centralizing the agency's purchasing department.

Labor performed by state offenders from community work centers, restitution centers, and county jails accounts for millions of dollars in savings for local municipalities, county governments, and state agencies. The free labor by the offenders includes helping state agencies like the Mississippi Emergency Management Agency during cleanup and recovery efforts following natural disasters, repairing and improving town infrastructure, assisting with community beautification projects, conducting road work and equipment maintenance. In FY 2004 MDOC offenders provided government agencies with 2,923,712 total free labor hours valued at \$15,057,116.80.

During FY 2004, 208 positions were eliminated in the agency based on legislative mandates. The elimination of the 204 full-time and 4 part-time positions has in no way affected the agency's mission to protect the public's safety. MDOC has successfully eliminated a total of 456 full-time positions from FY 2001 - FY 2004 based on legislative mandates.

In November 2000, MDOC began operating the Division of Victim Services (DVS). The division's primary function is to register crime victims so they may be notified prior to an inmate's release from incarceration. Additionally, the office provides enhanced services for the victim including offender status, crisis intervention, information regarding the Crime Victim Compensation Program and Crime Victims' Rights, liaison with law enforcement agencies and field officers, restitution matters, protective orders, harassment by offenders, coordination of victim/offender dialogue, assistance with Parole Board meetings, and preparation/escort services during executions. During FY 2004, the number of victims served by DVS was 1,000, an 89% increase over FY 2003. Recognized in FY 2004 for innovative services for victims of crime by the United States Department of Justice, Office for Victims of Crime, the MDOC Division of Victim Services has registered 1,700 victims since its creation in FY 2001.

MDOC was successful in meeting the requirements of the United States Department of Labor request. While adhering to the Fair Labor Standards Act, the department was able to reduce the potential liability costs from \$1,102,419.68 to \$845,064.19, a savings of over a quarter of a million dollars.

In March 2003, MDOC teamed with the state Department of Environmental Quality (DEQ) to implement a Computer Repair Program called "Project Recycle." Using discarded computers collected from state agencies and transported by DEQ, female inmates at the Central Mississippi Correctional Facility (CMCF) in Pearl, Mississippi, disassemble computers, replace the broken parts, and update software and other components to make them ready for use in Mississippi classrooms. "Project Recycle" trains 18 female inmates for 26 to 28 weeks in the fundamentals of computer hardware repair and diagnostic skills. The program is successful in rehabilitating inmates to become productive members of society, keeping hazardous electronic equipment out of landfills, and providing needed refurbished computers to Mississippi students. Through FY 04, the inmates at CMCF have repaired/rebuilt 909 computers for use in various Mississippi classrooms. The most recent donation of 160 computers to Jackson State University on July 22 brings the distribution total to 634. Twenty-three inmates have completed the computer repair class program and of those, ten inmates have been awarded A+ Certification, a recognized certificate of technical ability.

The MDOC restitution centers' accounting was centralized at CMCF in FY04. The result of this action will allow for easier maintenance of the accounting and a projected cost savings of \$30,315.30 due to the centralized unit. Restitution centers collectively obtained \$2,512,713.00 during FY04. Accurate accounting processing will continue at a lower cost and in a more efficient manner at the central location.

The agency continues to find new ways of teaching inmate responsibility and the importance of maintaining structure and discipline within the institutions. When an offender requests medical services, the appropriate medical officials allot a certain number of hours to visit with the offender. If the offender decides prior to the medical visit that he no longer requires medical attention, the department is responsible for payment of the fee for the time allotted even though the offender is not treated. In an effort to offset the cost of unjustifiable no-shows for medical visits and to discourage abuse of the visits, the offender medical co-pay was increased in FY04 to \$6.00. MDOC could reasonably expect to collect an additional \$100,000 during FY05 to defray medical services expenditures.

Mississippi Department of Corrections

Mission Statement

To provide and promote public safety through efficient and effective offender custody, care, control and treatment consistent with sound correctional principles and constitutional practices.

Vision Statement

The Mississippi Department of Corrections is a model professional agency that adheres to the values of integrity, honesty and openness in all its practices.

As correctional leaders, we believe the safety of the public is of paramount importance and fundamental to our mission.

Recognizing that people make up organizations, we value all our employees and are committed to their professional development and well being.

We are committed to assisting offenders in becoming productive, law-abiding citizens.

As an agency, we provide excellence in public service and strive to continually improve.

Core Values

Integrity

In the behavior, actions and decisions of our employees.

Fairness

In the consistent treatment of employees, offenders and our dealings with the public.

Dependability

In doing those things that are necessary to fulfill our mission.

Respect

In our relationships with each other and those we serve.

Competence

In the performance of our duties and responsibilities.

Openness

In all of our communications.

QUICK FACTS

The **INSTITUTIONS DIVISION** consists of:

- Three (3) prisons
- Eleven (11) County/Regional Facilities
- Five (5) Private Prisons

While incarcerated, offenders are offered treatment, education, and vocational programs that will assist them in becoming a productive member of their community once released.

MDOC's three public institutions have all received the American Correctional Association (ACA) Accreditation. On May 10, 2003, the Mississippi State Penitentiary (MSP) the states oldest institution (opened 1901) was awarded accreditation by (ACA). MSP's Accreditation culminated nearly three years of effort by MDOC to receive this prestigious recognition by ACA. The other institutions who received ACA accreditation are the Central Mississippi Correctional Facility at Pearl, and South Mississippi Correctional Institution, Leakesville. Over 2,400 employees work in the Institutions Division. All of the facilities under the Institutions Division have received ACA Accreditation.

CMCF III received an American Correctional Association Reaccreditation Certificate. CMCF became the first state correctional facility to receive reaccreditation in January 2004.

CMCF began working with the AMACHI (Big Brothers and Big Sisters) organization on a special program which targets the children of incarcerated female offenders, a high risk group.

CMCF Fire Department, through the certification of its Fire Chief and inmate firefighters, established a mutual aid agreement with local governmental facilities (State Hospital, Law Enforcement Academy, and State Fire Academy) to provide fire protection

The Fatherhood Initiative Program was extended at CMCF which targets male offenders teaching them the principles of good fatherhood.

Through FY 2004, the inmates at CMCF repaired and rebuilt 909 computers for use in various classrooms.

The Faith Based Initiative program began in September, 2004 at the Mississippi State Penitentiary. Currently, 35 inmates participate in the program and are working toward a one year certificate/diploma. This program is operated in conjunction with the New Orleans Baptist Theological Seminary.

MDOC had the following offenders complete ABE/GED/Literacy, Regimented Inmate Discipline (RID, and Vocational Education:

| | |
|--------------------------------|-----|
| • ABE/GED/Literacy | 505 |
| • Regimented Inmate Discipline | 139 |
| • Vocational Education | 209 |

The **COMMUNITY CORRECTIONS DIVISION** consists of:

- Three (3) field services regions
- 17 Community Work Centers
- 4 Restitution Centers
- Probation
- Parole
- Interstate Compact
- Intensive Supervision Program
- Earned Release

The Mississippi Department of Corrections (MDOC) Community Corrections Division is responsible for protecting public safety through the supervision of probationers and parolees in the community. In addition, Community Corrections is responsible for all residents in the restitution centers and inmates in the community work centers, in the intensive supervision program and on earned release supervision.

The Harrison County Community Work Center (CWC), Jackson County CWC, and Pike County CWC were accredited by the American Correctional Association (ACA).

Community Corrections Division regions and areas were reorganized in keeping with Judicial Districts.

Caseloads were reviewed statewide and Personnel Identification Numbers (PINs) reassigned to improve supervision coverage in high caseload areas.

The depreciating fleet of vehicles was partially upgraded, thus improving the level of intensive community supervision and providing increased public safety.

Implementation of the new Caseload Explorer computer program became an important tool for field staff increasing their ability to take reports and capture real time data to track offenders statewide. Earned Release Supervision (ERS) residence plans are now entered into Caseload Explorer reducing the use of fax machines and long-distance telephone calls.

The CWCs now have access to Offendertrak computer program allowing them to enter Extraordinary Occurrences into the system.

The Pre-Trial Diversion Program in Hinds County has helped to divert 32 offenders from entering the MDOC system.

MDOC staff worked with Judges to implement new Drug Courts in Judicial Districts 8 and 12 which brings the total number of adult felony Drug Courts to 11.

The federally funded Re-Entry Program has thirty (30) participants and has formulated the Mississippi Collaborative Interagency Re-Entry Team (MCIRT) to aid in reducing recidivism and enhance public safety for the metro tri-county area.

The AMACHI (Big Brothers and Big Sisters) and the Veteran's Association programs were introduced as resources for Community Corrections staff.

The **ADMINISTRATION AND FINANCE DIVISION** consists of:

- Budgeting
- Human Resources
- Policy, Planning, Research & Evaluation
- Management Information Systems
- Fiscal Comptroller
- Procurement, Property, & Warehousing

The Mississippi Department of Corrections is appropriated funds each fiscal year (July 1 – June 30) by the Mississippi Legislature. The annual appropriation includes funds for salaries, travel, contractual services, commodities, and local confinement, regional facilities and private prisons for housing of state inmates.

DEFINITION OF CORRECTIONAL TERMINOLOGY

A&D - Alcohol and Drug Treatment Program

ABE – Adult Basic Education; educational classes designed to improve the academic functioning level of offenders whose grade equivalency is 4.0 – 8.9.

ACA – American Correctional Association

Custody Class

“A” – This is a minimum custody status, which affords the offenders a more relaxed atmosphere and an extension of social privileges. This custody requires a responsible attitude and the display of a high degree of integrity, along with the ability to work satisfactorily with minimum supervision or security control. The two types of MDOC “A” custodies are as follows:

MOA-Minimum Out - This custody has the least security and supervision required of an institutionalized inmate. Usually this type of custody is housed in a community based facility.

MORA-Minimum Out Restricted – This custody has the least security and supervision required of an institutionalized inmate. Usually this type custody is housed under minimum secure circumstances and may participate in activities on institutional grounds without immediate staff supervision.

“B” – This is a medium security status where the offender has displayed a desire to be considered responsible and has progressed to the point where he does not need constant supervision or security control in his work assignment. The two types of MDOC “B” custodies are as follows:

MOB-Medium Out – This custody level inmate is housed in medium security units and must be under direct/constant MDOC supervision when engaging in activities outside the perimeter.

MORB-Medium Out Restricted – This custody level inmate is housed in medium security units and must be under armed supervision when engaging in activities outside the perimeter.

“C”-Close – This custody is also known as Close Custody or Close Confinement. This custody requires an inmate to have close supervision and observation and under positive security control at all times. The offender must be under armed supervision outside the perimeter.

“D”-Maximum – This custody level is a form of separation from the general population by a MDOC Classification Hearing Officer where the offender’s behavior and conduct pose a long term, serious threat to life, property, self, staff, other offenders, or the secure and orderly running of the institution/facility

“DR” - Death Row

ERS – A program whereby offenders eligible under State Code criteria may earn their conditional release to community supervision by the accrual of predetermined good conduct and performance credits.

GED – General Educational Development; a program to prepare offenders whose grade equivalency is 9.0 – 12.0 for the GED test provided through the GED Testing Services of the American Council on Education.

ISP – Intensive Supervision Program (also referred to as House Arrest) requires electronic monitoring and restriction to one’s home while not working or otherwise engaged in scheduled programs/activities approved by the supervising field officer.

Literacy – Educational classes designed for low functioning at a grade level of approximately 3.9 or below.

Medical Class

One – The offender is able to work in any job to which he is assigned.

Two – The offender may do light outdoor work to include light lifting (10-15 pounds), some construction work, etc. Offenders in this class are unable to perform logging, heavy lifting, and/or strenuous fieldwork.

Three – The offender may do any type indoor work to include cleaning, lifting, etc. The offender can not have direct exposure to sunlight.

Four – The offender may do light indoor work to include clerical or other deskwork, etc.

Five – The offender is medically unable to work. The offender must sign an authorization/waiver to be allowed to work at any job.

Offense Types:

Drug Offense – An offense involving the illegal manufacture, transportation, sale, distribution and/or possession of intoxicants and/or mood altering substances.

Sex Offense – Any offense that involves any illegal act of a sexual nature, involving illegal physical contact for the gratification of lust and/or engaging in other specific illegal activities for the purpose of sexual arousal.

Property Offense – Any offense, not in the categories of sex or drug offenses, that involves the unlawful taking, destruction, sale and/or receipt of property, be it personal or public.

Primary Offense – The offense (normally the most severe offense) that is listed as the first offense in the offender's current record.

Recidivism – A condition that results when an offender that has served a period of incarceration is subsequently released and re-offends with a resulting sentence.

Release Types:

Probation Revoked New Sentence – An offender on probation that receives a new sentence for a crime resulting in a revocation.

Probation Revoked Technical – An offender revoked due to a violation of the terms of probation (i.e. not reporting, drug usage)

Parole Revoked New Sentence – An offender on parole that receives a new sentence for a crime resulting in a revocation.

Parole Revoked Technical – An offender revoked due to a violation of the terms of parole (i.e. not reporting, drug usage)

Parole Revoked Alleged – An offender revoked due to a credible report of a violation of the terms of parole (i.e. not reporting, drug usage)

Sentence Expiration – The term of incarceration is completed without any conditional release (i.e. parole, ERS)

Parole – The offender is released prior to the end of the term of incarceration by a decision of the State Parole Board. During the remainder of the sentence the offender will be bound to a strict set of rules of behavior and movement.

Probation Expiration – The offender exits due to sentence expiration with a period of court mandate probation to follow.

Parole with Probation – The offender is released through parole with a court imposed period of probation that will be imposed upon completion of the period of parole.

Shock Probation – An offender that completes the RID program and is released on probation.

Court Suspension – The sentencing judge reviews the case offender's case and determines that the time served and behavior demonstrated merits release. This release type leaves the option to discontinue suspension and renew incarceration.

Discharge by Court - The sentencing judge reviews the case offender's case and determines that the time served and behavior demonstrated merits release. This release type does not leave the option to discontinue suspension and renew incarceration.

Probation – The offender exits prior to sentence expiration with a period of court mandate probation to follow.

ISP/Probation – The offender is released to Intensive Supervision with a period of normal probation to follow.

RID on Street – The offender is released prior to the end of RID program participation and is subject to probation requirements.

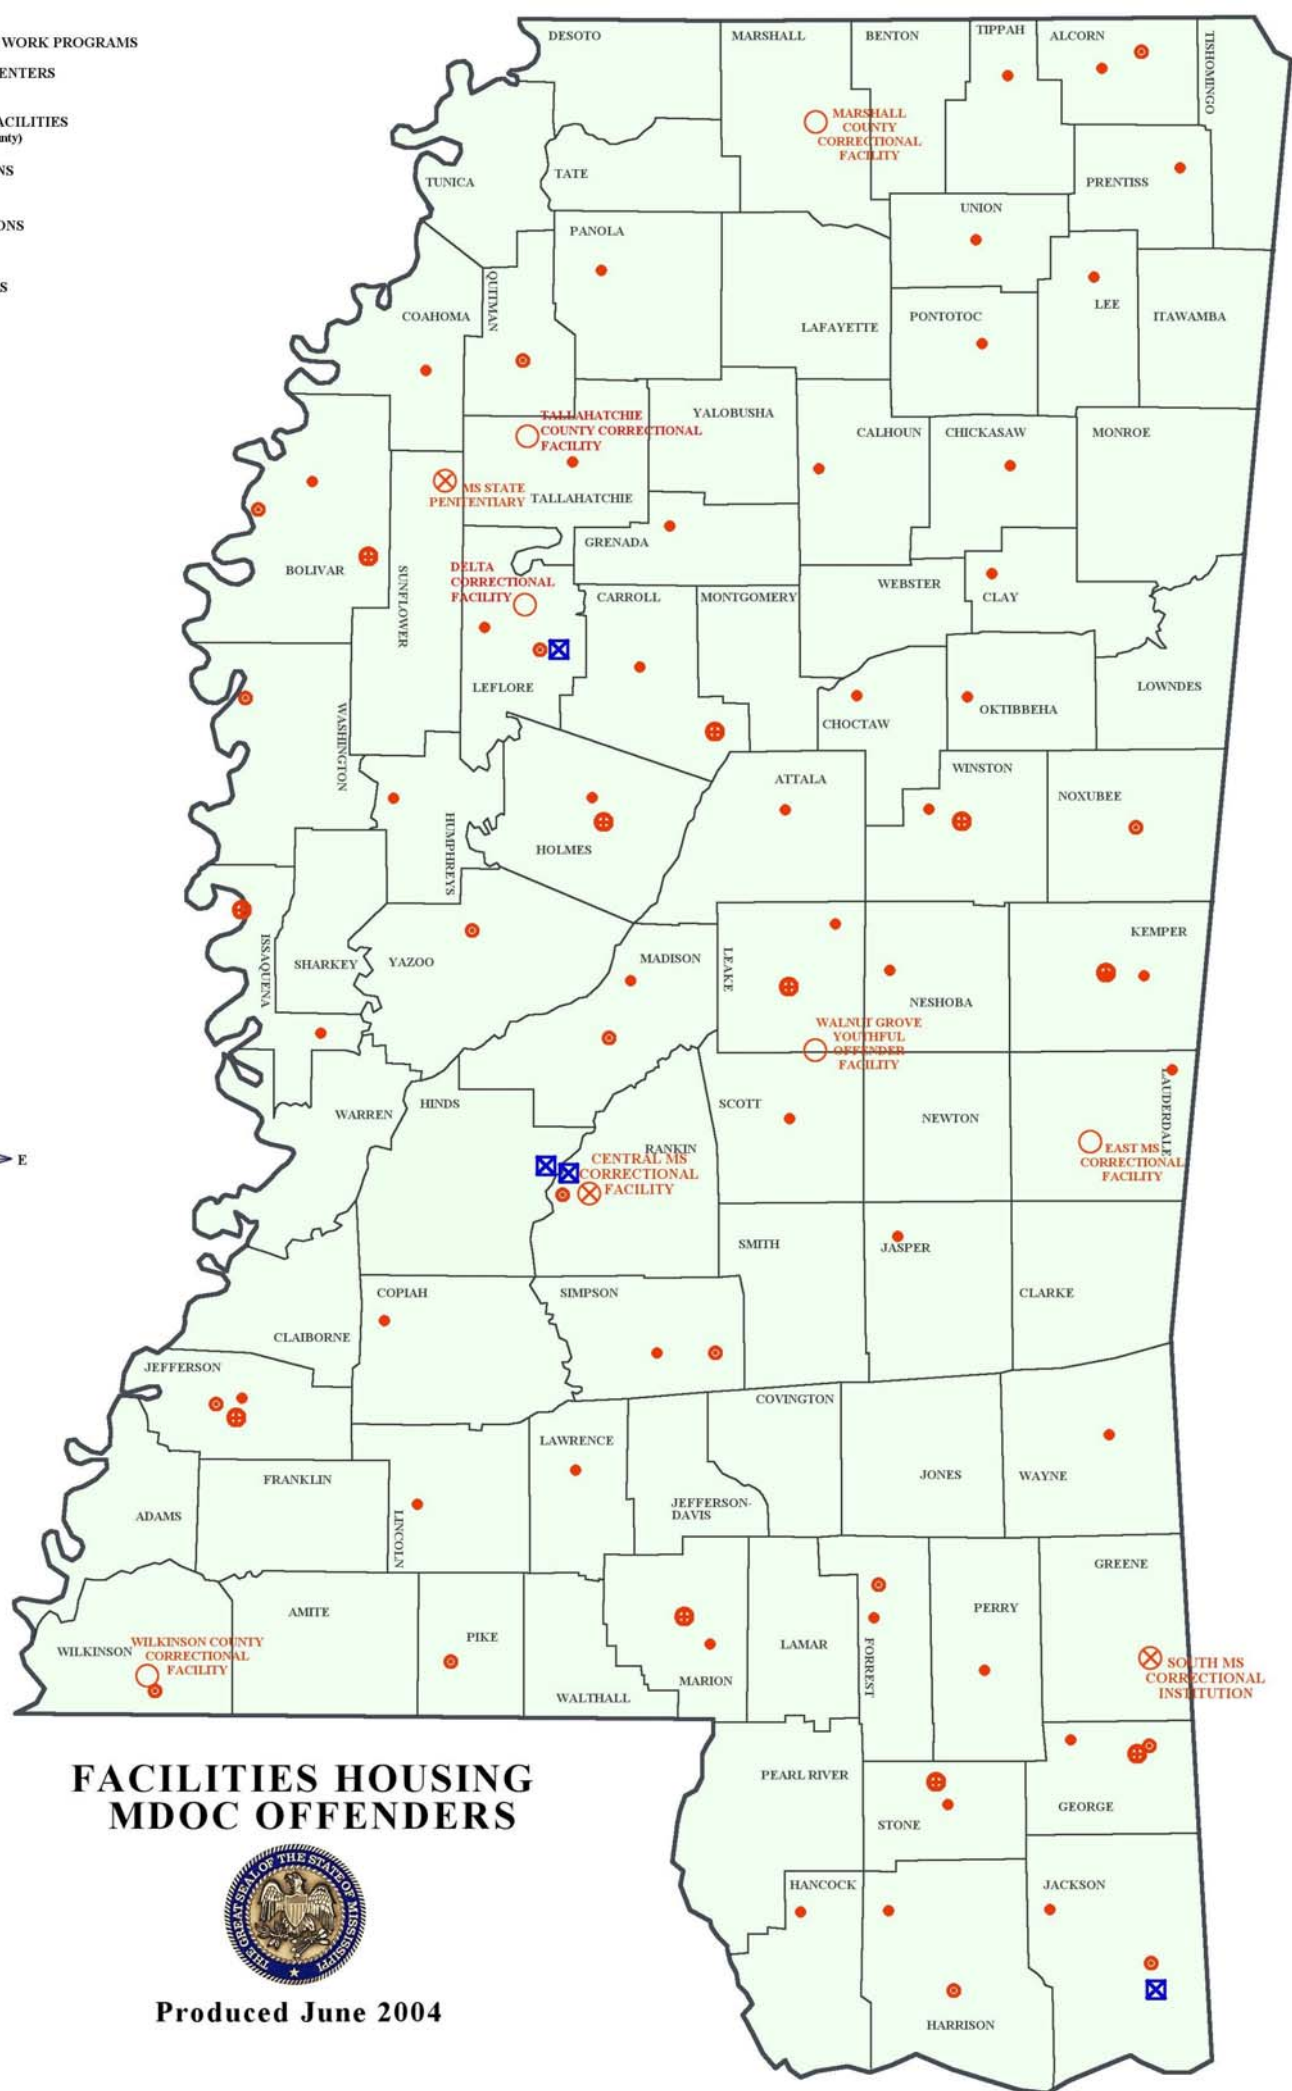

Deferred – The offender, with cause, is released for a period with the remainder of the sentence left to serve.

RID – Regimented Inmate Discipline (also referred to as Boot Camp) is a shock probation program that offenders may be sentenced to in lieu of a longer stay in a conventional prison.

Sentence Length Less Than One Year – These sentences result from judges imposing split sentences. To be sentenced to the MDOC by law the sentence shall be one year or longer; however, a judge may impose a sentence of a year or more with a portion suspended or otherwise. This results in a sentence length with regard to incarceration that is shorter than one year, but is still in compliance with the law for sentencing the offender to the MDOC.

Verification Pending – Offender data not entered due to lack of authentication.

INSTITUTIONS

July 1, 2003 Through June 30, 2004 Data

INSTITUTIONS

The Mississippi Department of Corrections (MDOC) Division of Institutions has oversight over three state institutions, 11 county regional facilities, five private prisons, the classification and records division, treatment and programs division, and agricultural enterprises. The division is under the leadership of Deputy Commissioner E. L. Sparkman.

The Central Mississippi Correctional Facility (CMCF) located in Rankin County, Miss., sits of 171.3 acres and serves as the receiving and classification facility for all persons convicted of felonies. CMCF is the second oldest state facility, having opened in February 1986. CMCF serves as the only state institution to house female inmates. The institution's capacity on June 30, 2004 was 3,233. CMCF houses male inmates with special needs, to include male inmates who are disabled and require medical treatment in the Jackson area. The institution was ACA accredited in January 2003.

The Mississippi State Penitentiary (MSP) located in Sunflower County, Miss., serves as the maximum security facility and houses only males convicted of felonies. MSP is the oldest and largest state prison, occupying approximately 18,000 acres. The institution's capacity on June 30, 2004, was 5,024. MSP operates the Agricultural Enterprises division and farmed 5,138 acres of vegetables, rice, wheat, soybeans and corn. The institution was ACA accredited in May 2003.

The South Mississippi Correctional Institution (SMCI) located in Greene County, Miss., serves as a medium custody facility and houses only males convicted of felonies. SMCI is the newest state facility, having opened in 1989. SMCI occupies approximately 360 acres. The institution's capacity on June 30, 2004, was 2,214. The institution was ACA accredited in August 2002.

INSTITUTIONS – PRIVATE AND REGIONAL PRISONS

PRIVATE PRISONS

DELTA CORRECTIONAL FACILITY:

Re-opened: April 2004

ACA Accreditation: Pending

ACA Reaccreditation: N/A

Staffing: 238

*Includes \$5.71 for medical costs

INSTITUTIONS – PROGRAMS

MISSISSIPPI DEPARTMENT OF CORRECTIONS ALCOHOL AND DRUG TREATMENT PROGRAMS FY 2004 ANNUAL REPORT

Mission Statement: The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

Mississippi State Penitentiary

Unit 30 A-B: The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 480 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 120 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program. The goal is to provide a continuum of care whereby treatment begins in the Alcohol and Drug Therapeutic Community to the Pre-Release Program, continues further if the offender is released to Intensive Supervision (House Arrest) with requirements to continue treatment in the community.

Unit 28: This is a long-term A&D Treatment Program for Special Needs (HIV/AIDS) offenders who are within thirty months, but not less than seven months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a 12-week program.

Unit 31: This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for Special Needs (Disabled) offenders.

Unit 25: The Pre-Release/Job Assistance Alcohol and Drug Therapeutic Community After Care Program at Unit 25 has a total of 48 treatment beds. The program's goal is to provide soon-to-be released offenders with techniques that will enhance their sobriety, employability, social and human relation skills.

Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term (6 months to 12 months) Residential Substance Abuse Treatment Program (RSAT) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for Special needs (disabled) male offenders.

INSTITUTIONS – PROGRAMS

South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program.

Community Pre-Release Centers

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend Alcohol and Drug classes in the evening.

Flowood CWC

A twelve-week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are being released on ISP.

Community Work Centers

Alcohol and Drug Treatment Programs based on the principals of Alcoholics Anonymous are offered in 14 Community Work Centers. Offenders provide work in the community during the day and attend evening treatment sessions weekly.

AGRICULTURAL ENTERPRISES

July 1, 2003 Through June 30, 2004 Data

AGRICULTURAL ENTERPRISES

FY 2004 HIGHLIGHTS

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2004 inmates worked 768,000 hours in the agriculture program.

For the crop year 2004 Agriculture Enterprises planted approximately 1,016.40 acres of vegetables, 353.30 acres of rice, 536.6 acres of wheat, 1,545.90 acres of corn, and 1,631.72 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 510,720 dozen eggs were delivered to MDOC food services with a non-cash value of \$453,455 in FY 2004.

The swine operation weaned 1,041 litters averaging 8.15 pigs per litter with 8,486 pigs weaned. The farrowing equated to an average of 2.22 litter/sow annually. Feeder hogs marketed totaled 7,143 for \$589,018.74. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. One thousand sixty four finishers and 71 cull sows have been processed with a total weight of 137,906 that was donated to MDOC food service with a value of \$100,974.48 during FY 2004. The breeding herd received 267 raised gilts in the herd. The current inventory for breeding, farrowing, nursery, and finishing is 4,381.

The inventory of commodities carried over from FY 2003 had a value of \$65,314.22. This figure includes seed, fertilizer, and chemicals not expended during FY 2004.

Non-cash sales for FY 2004 vegetable, egg sales, and pork processed were \$1,749,906. The total pounds of vegetable non-cash sale for FY 2004 was 3,457,966. Egg sales consist of 510,720 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to some private correctional institutions and regional facilities to generate cash dollars of \$41,865.82.

On June 30, 2004, the Agriculture Enterprises Special Fund had a balance of \$1,012,577.65. Cash income received for Agriculture Enterprises, including deposits in transit, totaled \$2,555,530.21.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2004 the feed mill produced over 35 different feed rations for hog and chicken consumption. They produced 4,619.25 tons at a price to livestock of \$712,912.

The work staff includes 16 positions. At the present time 13 positions are filled and MPAE has (7) contract employees.

COMMUNITY CORRECTIONS

July 1, 2003 Through June 30, 2004 Data

COMMUNITY CORRECTIONS

PROGRAMS

The Division of Community Corrections is charged with the supervision of offenders that are still under the jurisdiction of the state. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This division is led by Deputy Commissioner Lora Cole.

Field Services

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, intensive supervision (ISP), earned release supervision (ERS), and sentenced by the court to probation.

F.R.E.E. (Facing Reality Educationally and Emotionally)

The MDOC Community Corrections Division has eight F.R.E.E. treatment coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, treatment coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

Interstate Compact

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

Pre-Trial Diversion

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

MS Re-entry Program

The program design consists of three (3) program functional phases:

- Phase I is the Institutional Phase which includes offenders that meet the age criteria of 20 to 35 years. In this phase, offenders are involved in individual case plans that consist of problem identification, attitude change through cognitive restructuring, treatment and a continual support system that begins in the institution and moves into the community for Phases II and III. The length of Phase I is from 6 months to one year.

- Phase II consists of a Day Reporting Center. In this phase, the offender's continued educational needs are met and the offender receives counseling, substance abuse treatment, drug- testing, and family activities which are held at the center. The length of Phase II is one year.
- Phase III is on-going support where the offender is fully reintegrated into the community and receives on-going mentor support.

Intensive Supervision Program

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in a MDOC facility upon violation of the program.

Drug Urinalysis Labs

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

Restitution Centers

There are four restitution centers in Mississippi that assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the resident's wages, after taxes, goes to the resident's family or to the resident's holding account. Upon completion of the program, residents are normally transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

Community Work Centers

The MDOC Community Corrections Division oversees 17 community work centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each community work center houses approximately 99 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair; vehicle maintenance; and water, sewer, and sanitation details.

Inmate Labor

The offenders that serve their sentences in community work centers and restitution centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2003, the offenders in the community work centers provided entities with 2,923,712 total inmate hours, valued at minimum wage to equal \$15,057,116.80 in free labor. For the same 12 months the residents in the restitution centers provided entities with 28,100 total inmate hours, valued at minimum wage to equal \$2,458,646.62 in free labor.
